

Heldere handhaving. Naar een sterker handhavingsbeleid door betere wetgeving en communicatie [Transparent law enforcement. Towards a stronger enforcement policy through better legislation and communication]

- Supervision: ICW – Patricia Popelier (UAntwerpen)
Partners: Carole M. Billiet (UGent), Koen Van Aeken (UTilburg) & Lode Verheecke (UHasselt)
- Researchers: Carole M. Billiet, Liesbeth Deben & Koen Van Aeken
- Sponsored by the Flemish Region (2010)

This research studies the Flemish inspection agencies and discusses enforceable legislation and inspection law. The core topic is communication: communication between inspectorates, between inspectorates and persons inspected and between inspectorates and law makers. ‘Better’ – meaning more enforceable – legislation as well as better communication – between inspectorates, inspected persons and law makers – bring along a more effective law enforcement.
